Animal Clues in a Florida Woodland

Even if we don't see animals, we can still find clues that they are there or have been there. Use ALL of your senses and remember to look up as well as down. If you find one of these clues, circle it!

Partially eaten leaf

Partially eaten seeds

Bird singing

Insect gall

Bird feather

Woodpecker holes

Mushrooms

Bird tracks

Empty snail shell

Bird nest

Squirrel or raccoon tracks

Decaying log

Pine cone or acorn remains

Squirrel nest

Large hole in tree

Draw a clue that YOU found!
